If a moved up employee is absent, another employee may be assigned during such absence, subject to all provisions of this Section.
- G. Acting Department Heads:
If a subordinate is not required by class specification to take charge of the department in the absence of the department head, the employee shall be paid during all such move up assignments five percent (5%) over and above base salary pay, provided, however, that if the temporary absence of the department head continues in excess of thirty (30) consecutive days, the employee shall then be paid at the salary rate of the lowest step for such assigned position which is higher than the current base salary of that employee, to which shall be added earned longevity pay increments.
- H. Move Up Pay for Vacant Position:
1. Except as provided in Subsection g), an employee moved up pursuant to this Section shall be paid for all days worked in the higher class at a salary rate of the lowest step of the class or the lowest step for such assigned position which will give the employee five percent (5%) more than the current base salary of that employee, whichever is the higher within the base pay range for the class, to which shall be added earned longevity pay increments.
 2. For the purpose of this Section, one-half shift shall constitute a day.
 3. Any assignment to a higher class of a half shift but less than a full shift requires the prior approval of the City Manager or designee.
 4. The Department head or designee must authorize move-up.
- I. In the event there is no employee in the next lower class willing to accept a move-up assignment, the Department Head may then move to the class below and offer the assignment to employees on a seniority basis.

SECTION 3.4 SUPERVISORY PAY POLICY

All supervisors covered by this agreement shall be paid at a higher rate than any of their subordinates. A supervisor's salary rate shall be adjusted to that rate which will provide a pay of five (5%) per cent higher than any subordinate's base pay (exclusive of special compensation or longevity pay) regardless of the supervisor's length of employment. This section shall not apply to move up assignments.

SECTION 3.5 NIGHT SHIFT

Night Shift Differential:

Employees who have duly scheduled their vacation in accordance with this section may, upon written request, have their pay check mailed to their bank for deposit.

For the purpose of scheduling vacation priority, any employee who has a position that is restructured or who promotes or moves from one division or department to another will transfer all seniority hours earned from the prior position or department to the new position, and new division.

D. Borrowing:

An employee may borrow up to forty (40) hours of unearned vacation subject to the approval of his department head.

E. Maximum Accrual:

F. Effect of Holidays:

When an authorized holiday occurs during a vacation period, such days shall not be deducted from earned vacation.

An employee who has reached the point of maximum accrual of vacation hours shall cash out or defer up to forty (40) hours of accrued vacation time.

SECTION 4.3 SICK LEAVE

A. Introduction

1. Sick leave is a benefit and not a right and is to be utilized by employees who are unable to work because of an injury or illness not arising out of the course of their employment, except as provided otherwise in this section.
2. The sick leave benefit should be thought of as an insurance policy; it insures and protects employees from a loss in wages when they are unable to work because of an illness or injury.
3. The City considers good attendance to be a very important part of an employee's overall performance. Absenteeism creates a hardship on City operations and co-workers, resulting in work schedule disruptions and added costs. However, both parties understand that employees have legitimate needs to take time off. Neither side desires to inhibit employees from their legitimate right to use sick leave.
4. Misuse of sick leave shall be grounds for disciplinary action.

B. Sick Leave Use:

An employee shall be granted sick leave for the following reasons:

1. Personal illness or injury; medical or dental appointments including preventative care. Employees are encouraged to schedule medical and dental examinations of a non-urgent nature outside of normal working hours. Appointments scheduled during normal working hours constitute sick leave, provided that the employee gives advance notice in accordance with departmental rules and regulations.

Forced quarantine of the employee in accordance with community health regulations;

2. Family illness or injury:

Illness, injury or medical appointment of a member of the employee's immediate family which requires that employee's presence. Immediate family for the purpose of this section is defined as spouse, registered domestic partner, mother, mother-in-law, father, father-in-law, sister, brother, child or guardian, stepfather, stepmother, stepchildren, grandparents or grandchildren, great grandparents or great grandchildren.

C. Accrual rate:

Permanent and probationary employees shall be granted sick leave in the following manner:

- Six hours per month to a maximum of 600 hours accrued sick leave;
- Eight hours per month for employees hired before July 1, 1975, except for employees who have selected NOT to be covered by the City's Long-Term Disability Plan.

D. Cash or deferred compensation options:

1. The employee may select, in June or December of each year, to convert any sick leave granted but unused over three hundred (300) hours into cash at the rate of one hour of pay for each hour of unused sick leave. Such payments will be made before June 15 or December 15.

2. Any hours of sick leave which would have been granted over 600 hours accrued sick leave shall be converted into cash payable in June or December of each year on the basis of one hour pay for each hour of unused sick leave. An employee who wishes to defer this amount must submit a written request to the Finance Department no later than June 1 or December 1.
 3. Employees who cash out sick leave in June and/or December under this section may convert one shift of sick leave that would have been cashed out and add it to vacation balance.
- E. Sick leave standard:
1. Use of sick leave shall not necessarily in and of itself constitute misuse. However, sick leave use not related to a legitimate illness, or injury which exceeds standard usage and/or which has a predictable pattern may initiate a review of sick leave usage. If it is determined that an employee has misused their sick leave, the employee shall be notified of any restrictions or requirements to be placed upon the employee's use of sick leave regarding notification or use of other accrued leaves in cases where there is insufficient sick leave available.
 2. Components of the sick leave standard may include section/division/department sick leave utilization average, taking into consideration the number of incidents and the number of hours used, patternistic sick leave use, depleted sick leave and/or other elements as reasonably established in the departmental work rules.
- F. Notification of sickness:
1. To receive compensation while absent on sick leave, employees shall notify the section/division/department in the manner provided in departmental rules and regulations stating the nature or reason for the absence.
 2. An employee who has been counseled about sick leave usage within the preceding 12 months may be advised, as part of said counseling, that he/she will be required to furnish reasonable evidence, including a written statement from a medical professional, to substantiate any request for sick leave of two days or more.
 3. A department may require a written statement from a medical professional without prior counseling where the absence is greater than five consecutive work days or in cases where there is evidence of a specific violation of departmental work rules.
- G. Return from sick leave:
1. Upon return from sick leave, an employee may be required by the department head to report for examination by the City medical examiner to determine fitness for duty.
 2. Provide verification as to fitness for duty from his/her personal physician.
- H. Overtime rate after sick leave:
1. In the event an employee is absent on sick leave during part of a week and subsequently is required to work on his/her regular day off, he/she shall be compensated in the same manner as for overtime. He/she may, however, be required to substantiate an illness by a written statement from an attending licensed physician or a personal affidavit.
 2. Said provisions shall not apply where an employee is called out for emergency work after hours and the overtime rate shall apply regardless of sick leave taken during the week.
 3. For the purposes of call out, employees who are absent on sick leave will be placed in the position of least seniority on the day they are absent and will remain in that seniority ranking until they return to regular duty.

I. Conversion of sick leave insurance:

1. At the time of termination after the appropriate years of service an employee covered by this agreement shall have his accumulated sick leave converted by the City into cash or deferred income on the following basis:
 - a. For all employees at retirement, each hour of accumulated sick leave shall equal one hour pay.
 - b. Crafts & Trades employees, after five (5) years of employment, a terminating employee shall be able to convert accumulated sick leave to cash on the following basis:
 - Employees who have used less than eighty-nine percent (89%) of the possible accumulation of sick leave hours shall be cashed out at eighty percent (80%) of their current hourly rate.
 - Employees who have maintained an accumulation of sick leave equal to fifty-six percent (56%) but less than eighty-nine percent (89%) shall be cashed out at sixty-five percent (65%) of their current hourly rate.
 - Employees who have maintained an accumulation of sick leave of less than fifty-six percent (56%) of the possible accumulation shall be cashed out at fifty percent (50%) of their current hourly rate.
2. Accumulated sick leave shall be converted into paid up life insurance on the basis that each hour of accumulated sick leave shall equal 100% of the hourly rate upon the death of an employee covered by this agreement regardless of years of service to be paid to the employee's beneficiary.
3. The annuity and the provisions of the annuity shall be specified by TME, subject to consultation with Management.

J. Depleted sick leave:

Employees who have insufficient sick leave accrued to cover an absence may request the use of other accrued leaves, according to departmental work rules. If no other accrued leaves are granted, employees are required to apply for a leave of absence without pay at the earliest possible time; that is, at the beginning of the leave or immediately upon return to work. Failure to submit the request for leave will constitute unauthorized absence which could lead to disciplinary action. Such a request for leave shall not be unreasonably denied.

K. Personal Leave

Two work shifts of sick leave per fiscal year may be used by the employee for personal leave for which no verification is required. Such leave must be approved in advance per departmental work rules and shall not be unreasonably denied.

The amount used is deducted from sick leave and may not be carried over from year to year. The time shall be taken in increments of no less than one-half ($\frac{1}{2}$) shift.

The leave, while paid for out of sick leave, is actually paid personal leave and is not a part of sick leave usage in and of itself.

L. Employees covered under this agreement may participate in the Catastrophic Leave program as a donor or recipient.

SECTION 4.4 INDUSTRIAL INJURY LEAVE

- A. For injuries sustained prior to August 3, 1997, the following applies:
In the event an employee sustains an injury or illness arising out of and occurring in the course of his/her employment with the City, the employee shall be entitled to industrial injury leave as follows:
1. Up to three (3) months during the first three (3) years of employment.
 2. Up to six (6) months during the fourth (4th) year of employment.
 3. Up to twelve (12) months after four (4) years of employment for industrial injury.
 4. Such leave shall be at ninety percent (90%) of regular salary rate. Said leave shall terminate upon return to regular work or when the injury is deemed permanent or stationary, or at the expiration of the maximum time period listed in this section.
- B. For injuries sustained on or after August 3, 1997, the following applies:
In the event an employee sustains an injury or illness arising out of and occurring in the course of his/her employment with the City, the employee shall be entitled to industrial injury leave as follows:
1. Up to three (3) months during the first three (3) years of employment.
 2. Up to six (6) months during the fourth (4th) year of employment.
 3. Up to eight (8) months after four (4) years of employment for industrial injury.
 4. Such leave shall be at eighty-five percent (85%) of regular salary rate. Said leave shall terminate upon return to regular work or when the injury is deemed permanent or stationary, or at the expiration of the maximum time period listed in this section.
- C. Employees who are on industrial injury leave with pay as a result of an industrial injury shall continue to accrue seniority, and shall receive holidays, accrue vacation and sick leave benefits the same as if they had been present for duty.
- D. An employee on industrial injury leave shall be under the direction of the City subject to medical advice and shall be available at all times unless he/she receives specific permission from the City.
- E. An employee on industrial injury leave shall inform the City of any current outside employment and/or any such outside employment during the four (4) years immediately prior to such injury. An employee on industrial injury leave shall not enter into any employment or physical activity, as determined by an appropriate physician, which might exacerbate his injury or illness.
- F. Management and the employee organization jointly indicate their concern for the proper use of industrial injury leave. Management has the responsibility to seek lateral transfer of an injured employee where appropriate and to process involuntary disability retirement where necessary.
1. The Department Head shall notify TME-AFSCME within seventy-two (72) hours of any industrial injury which causes the death or hospitalization of any member of the bargaining unit.

SECTION 4.5 LEAVES OF ABSENCE

1. A department head may authorize such a request for up to five (5) working days.
 2. A request for more than five (5) working days shall be subject to the recommendation of the department head and the approval of the City Manager.
 3. No leave or combination of leaves related to a single injury or illness shall be granted for more than a total of eight (8) months during a twelve (12)-month period. The twelve (12)-month period for calculating leave entitlement will be a rolling period measured backward from the date leave is taken and continues with each additional leave day taken.
 4. An employee must have completed six (6) months of permanent employment before being eligible for consideration of a medical leave of absence of more than thirty (30) days.
- C. Refusal of Leave of Absence:
- The department head or the City Manager shall refuse a leave of absence request if such a leave is contrary to the good of the City. A leave of absence for medical reasons where justified by medical evidence shall not be unreasonably denied except where there is no probability of return to work by the employee; or where the employee has exhausted the maximum leave of absence. Where the leave is refused, the employee must return to work or be terminated. The burden of medical evidence shall be upon the employee.
- D. Holding Position Open:
- Upon the expiration date of a leave of absence, duly granted in accordance with the provisions of this Section, an employee shall be returned to the same position or class of position as occupied when the leave of absence was granted.
- E. Military Leave:
- A leave of absence for military employment shall be granted to any employee as required by the laws of the United States or the State of California. An employee covered by this agreement who leaves or has left the City services to enter the active service of the Armed Forces of the United States, and who subsequently is reinstated to a position previously held by him, shall be entitled upon completion of the following conditions to receive the rate of compensation at the step, including longevity, to which he would have been entitled had his service with the City not been interrupted by such Federal Service.
1. Employee makes a written application to the City within forty (40) days following release from active military employment;
 2. Employee furnishes the City, for its inspection, a certificate of honorable or general discharge with the Armed Forces; and
 3. Employee establishes to the reasonable satisfaction of the City that the employee is qualified to perform the duties of such position.
- F. Family Leave:
1. As required by State and Federal law, the City will provide family leave for eligible employees. To be eligible an employee:
 - a. Must have been permanently employed by the City for at least twelve (12) months and have been employed for at least 1,250 hours during the twelve (12)-month period immediately preceding the commencement of the leave; or
 - b. Must have been permanently employed by the City on a half-time basis for at least twelve (12) months and have been employed for at least 1,040 hours during the twelve (12) month period immediately preceding the commencement of the leave.
 2. Family leave is permitted for the following reasons:
 - a. Birth of a child or to care for a newborn of an employee.

- b. Placement of a child with the employee for adoption or foster care.
 - c. Need to care for a child, parent, spouse or registered domestic partner who has a serious health condition.

 - 3. Employees who meet eligibility under Section 4.5(F)(1)(a), are entitled to a total of twelve (12) work weeks during any twelve (12)-month period. Employees who meet eligibility under Section 4.5(F)(1)(b), are entitled to a total of six (6) work weeks during any twelve (12)-month period. The twelve (12)-month period for calculating leave entitlement will be a rolling period measured backward from the date leave is taken and continues with each additional leave day taken.
 - 4. During a family leave an employee may concurrently use other accrued paid leaves in connection with the leave.
 - 5. The total amount of family leave for which an employee is eligible will be inclusive with existing maximum periods as established in Section 4.5.B)3 and 4.
 - 6. Rights and obligations which are not specifically set forth in this section are set forth in the City's statement of Family Leave Policy and in the California Fair Employment and Housing Commission and the Department of Labor regulations implementing State and Federal Family Leave Acts.
- G. Medical Examination at Termination of Leave:
Prior to the expiration of any leave of absence, the City Manager may determine, by evidence of medical examination or other reasonable evidence, if the employee is mentally and physically able to perform the duties of the position from which the leave was granted. If the City Manager has determined that the employee is unable to return to work, the employee will not be returned to work but shall have the right to submit the matter through the Civil Service Commission to review the reasonableness of such findings.
- H. Any employee terminating or retiring at the end of the eight (8)-month medical leave of absence shall be paid an amount equal to four (4) months of City health insurance contribution (including health contribution and City supplemental). Such amount shall not exceed the amount received by the employee immediately prior to separation of employment. The employee may choose to receive the full amount, subject to 1099; defer the funds to the City 457 plan, within the plan guidelines or receive a net check with the appropriate federal, state and social security deductions. This provision applies only to employees participating in a City-sponsored health insurance program at the time of termination or retirement.

SECTION 4.6 BEREAVEMENT LEAVE

- A. Each employee covered by this agreement shall be entitled to up to two (3) work shifts of bereavement leave with pay per death of eligible family members. Additional leave of up to two (2) work shifts may be granted by the department head due to a death or funeral which occurs out of state or in the state in excess of three hundred (300) miles from the borders of the City of Torrance. In the event there is a question of the distance of a locale from the City, then a map of the Automobile Club of Southern California shall be the deciding factor in the applicability of this section.
- B. Such bereavement leave shall apply to a death in the immediate family as defined for family sick leave. In addition, up to one (1) work shift of this leave may be used for a relative not named in the sick leave listing, subject to verification by the department head.

- C. Bereavement leave shall not be accruable from year to year nor shall it have any monetary value if unused.
- D. The City shall have the right to require verification from the employee.

SECTION 4.7 COMPASSIONATE LEAVE

In the event that an employee covered by this agreement dies, other represented employees from the department of the deceased member may be granted up to three (3) hours leave for the purpose of serving as pallbearer or to otherwise attend the funeral.

- A. The number of employees who are granted this leave at any one time shall be at the discretion of the department head, consistent with the need to maintain a minimum work force during that time.
- B. Such leave shall not be accruable nor shall it have any monetary value if unused.
- C. With department head approval, employees may attend the funeral of a coworker not in the same representation group or department.

SECTION 4.8 JURY DUTY

Any employee covered by this agreement who is summoned for jury service at any court during regularly scheduled hours of work will be entitled to regular compensation. Jury service fees other than mileage reimbursement must be deposited according to procedures as described in Administrative Rules in order to qualify for regular compensation. The amount of time allowed for jury service for an employee will correspond to the minimum time required by law.

Employees who serve on jury duty on their modified work schedule day off do not receive any extra pay for the day. They are, however, entitled to the jury service fee for that day.

SECTION 4.9 INSURANCE

- A. Health, Life and Miscellaneous Insurance
 - 1. The City shall pay \$100.00 per month per employee for active and retired employee health insurance. The \$100.00 employer contribution can only apply toward the health insurance plans. If the employee does not participate in the health insurance plans, the \$100.00 cannot be used for any other purpose.

Effective January, 1, 2009 the amount shall increase to the PERS Mandated Amount, if above \$100.

- 2. Active employees: In addition to the PERS Mandated Amount (addressed in the matrix below) active employees shall be provided with an amount, which may be used by the employee to pay for approved health insurance plan premiums, dental, or vision insurance.

Health Insurance				
	<u>No Coverage</u>	<u>1 Party</u>	<u>2 Party</u>	<u>3 Party</u>
PERS Mandated Amount	\$0	By Statute or minimum of \$100, whichever is greater	By Statute or minimum of \$100, whichever is greater	By Statute or minimum of \$100, whichever is greater
City Cafeteria Contribution	\$0	Total – PERS Mandated Amount	Total – PERS Mandated Amount	Total – PERS Mandated Amount
Totals	\$0	\$392.68	\$785.36	\$1,020.96
Any amount remaining may be used to offset family dental or towards two-party or family vision.				

Members who opt out of the cash contribution option cannot select that option in the future. Employees hired after date of ratification of this MOU will only have the option of single, two-party, and family health insurance coverage.

Given the increases to the health insurance premiums provided for by this agreement, it is the intent of the parties to eliminate the previously provided cash contribution (i.e., city cafeteria contribution) to those employees who do not take health insurance from the City. However, given that existing employees who have not taken City-paid health insurance have been provided a cash amount as part of their compensation, it is the intent of the parties to "grandfather" existing employees as of the date of approval of this agreement by the City Council with their current cafeteria cash amount of \$226.01. Employees hired after the effective date of this agreement will be not eligible for the cash in-lieu of selecting a health insurance plan option.

3. Medical insurance for part-time employees **hired prior to January 1, 2008:**

	1 Party	2 Party	3 Party

	1 Party	2 Party	3 Party
PERS Mandated Amount	\$100.00	\$100.00	\$100.00
City Cafeteria Contribution	\$148.84	\$345.18	\$462.98
Total	\$248.84	\$445.18	\$562.98

4. The City of Torrance joined the PERS health insurance to allow TME-AFSCME to participate in health programs. Both Management and TME-AFSCME agreed to join the program so long as it did not impact any of the other bargaining units within the City. In addition, cost to implement the plan would be absorbed by TME-AFSCME. If the PERS health insurance plans significantly alter from the current structure or if the administrative and contingency fee charged by PERS increases above four percent (4%) for the annuitant, the City reserves the right to withdraw from the PERS health insurance plans.

At such time, Management and TME-AFSCME agree to meet and consult on the restructuring of the employee insurance allowance and insurance program.

5. The City shall continue such health, dental, and life insurance premiums up to the amount as specified in this Section during the legitimate leave of absence for a period not to exceed eight (8) months of any employee covered by this agreement.
6. The parties agree that if legislation is passed which significantly impacts the City's ability to provide health insurance through PERS Medical, the parties will return to the table to meet and confer.

B. Long-Term Disability Benefits:

1. In accordance with the provisions of the Commercial short term/long term disability plan, employees with pre-existing conditions who do not qualify for coverage under the Commercial policy shall receive the following benefit:

- a. Commencing with the thirty-first (31st) calendar day after the first (1st) day of lost time, the employee shall receive two-thirds ($\frac{2}{3}$) base biweekly pay for a period of time not to exceed one (1) month for each two (2) months of service to a maximum of two (2) years.

Employees who were participating in the City's long-term disability program reduced their sick leave accrual to six (6) hours per month in exchange for coverage under the City's long-term disability plan.

- b. An employee requesting receipt of such benefits must meet the criteria specified in Attachment A and must request a medical leave of absence in connection with a request to receive long-term disability. Use of release time is necessary for the Union to effectively operate. However, it is essential for efficient operations of City service that supervisors and managers are timely notified of the use of release time to ensure minimal impact to service delivery. For these reasons, the parties agree that release time will be provided in accordance with this article. The parties agree that Employees will utilize the *Notification of Release Time* form to provide notice of their intention to use release time. Release time will not be unreasonably denied.

A. Meetings with Management:

The parties agree that there may be times that the Union may need to meet with a representative of management. This may include, but not be limited to, Roundtable Meetings, Safety Team Meetings, meetings with Department Heads or Managers, or for other purposes where management and the Union agree to meet. There are numerous situations where employees in the Union may seek representation, including, but not limited to, an Administrative Conference (i.e., a meeting with a City representative, after which an employee receives a notice of intent to discipline), or a meeting in which the employee has a reasonable belief that the meeting may lead to the imposition of discipline, or other meetings where representation is appropriate. Paid release time will be provided for employees' attendance at such meetings.

E. Executive Board Meetings/Union Elections:

For Executive Board members whose work schedule is such that they are scheduled to be working during general membership and/or executive board meetings, they are entitled to a total of two (2) hours per month of paid release time as well as one half hour prior to and one-half ($\frac{1}{2}$) hour after the meeting (inclusive of travel time). If such meetings are set more than 72 hours in advance, employees shall complete the release time form and submit it at least 48 hours prior to the time of the meeting (excluding days off/weekends/holidays). For those meetings that are set with less than 72 hours notice to the impacted employees, the release Time form will be filled out and submitted as soon as it is practical. Releases shall only be for those employees requiring paid release time from actual scheduled hours of work.

- G. Employees who desire to meet with their union representative during work hours regarding Union-related business (such as questions about rules, policies, MOU provisions, etc.) may be released from duty with the approval of their supervisor for such purposes. The parties intend that such meetings shall be 15 minutes or less in duration.
- H. President's Release Time (Effective August 19, 2007):

The union president's release time will be on Tuesdays and Wednesdays. However, if a holiday falls on a Tuesday or Wednesday, the president shall receive release time on his/her next work day.

 - 1) On the president's release days, the union president must be available by phone during the normal work hours. However, if the president must be out of the city on the designated release day, the president will provide notification to the City Manager or designee prior to the event, with a contact phone number where he/she can be reached during business hours in case of a work-related inquiry, and an estimated time he/she will be out of the city. The union president will notify the City Manager or his designee upon return to the City of Torrance.

Such approval will be based on the president's department's operating needs, and will not be unreasonably withheld.
 - 4) Use of paid leave absences, such as for vacation and sick leave, by the union president on a release day shall not result in an additional union release day during the week.
 - 5) If the union president on release time works any hours for city business above the number of hours in their regularly scheduled workday, he/she shall receive overtime.
 - 6) On Tuesdays and Wednesdays, the union president shall report to his/her department in person at the beginning and end of the work shift. The president will utilize a log kept at the department to report his/her check-in/check-out time. The log will be forwarded to the City Manager's Office at the end of the pay period. If the president will

be out of the City on either release day in accordance with paragraph H1 above, notification to the City Manager will be provided.

Management retains the right to modify or eliminate this section pursuant to any court action or subsequent legislation which overturns, modifies or repeals AB 702.

- B. Prerequisite for Layoff:

When as a result of a cutback in personnel it becomes necessary to initiate a layoff of employees in any representation unit covered by this agreement, the following shall be the prerequisite to such a layoff:

1. All temporary, seasonal and/or recurrent and probationary employees have been released from the class.
2. Employees in the class have been given an opportunity to seek lateral transfer to existing vacant positions (See Section 7.4).
3. Management will meet and consult with the representatives of TME-AFSCME over alternative courses of action to avoid such layoff.
4. Notice of actual layoff shall be given no less than fifteen (15) days before the date of implementation. Such shall include:
 - a. Classification where layoff is to occur;
 - b. Seniority list by total continuous City seniority of employees in the effected class;
 - c. List of current permanent vacancies in all classes represented by TME-AFSCME;
 - d. Separate notice to any employee in the class who has two (2) or more below standard ratings within the preceding three (3) years.

- C. Order of Layoff:

1. Employees who have two (2) or more below standard ratings within the preceding three (3) years shall be laid off first. Any employee whose most recent rating out of the last three (3) years is standard or above may be excluded from this section;
2. Next layoff shall occur on the basis of City-wide seniority, the least senior employee based on total continuous employment shall be laid off first and any subsequent layoff shall proceed to the next least senior;
3. Ties in Seniority:

Where the total and continuous employment of two (2) employees are of the same length, seniority shall be decided by the drawing of lots.

- D. Voluntary Reduction of Class:

An employee so laid off may choose voluntary reduction of class so as to avoid layoff.

1. Such voluntary reduction can be to a lower class of previous standing or to a lower class in the same occupational grouping (See Section 2.1).
2. If the voluntary reduction in class causes a layoff in the lower class, such layoff shall follow the provisions of this section.

- E. Recall:

Employees who laterally transfer, take a voluntary reduction or are laid off pursuant to the provisions of this section shall have their names entered onto a recall list for the classification of original standing.

1. Such list shall be in inverse order of layoff, lateral transfer or reduction.
2. A recall list shall be kept by the Civil Service Commission and shall be used when any vacancy for that class is to be filled.

3. The list shall be maintained until all names have been offered an opportunity for recall or at the end of two (2) years, whichever occurs first.
 4. The appointing authority shall offer appointment to the first name on said list. If the individual accepts, he or she shall be appointed. (After sixty [60] days from the date of layoff the employee may be required to take a medical examination so as to ensure the employee is medically and mentally capable of performing the duties of the class. The individual shall still be required to meet the minimum standards of the class.)
- F. Layoff from Other Representation Units:
In the case of a layoff in a classification not covered by this agreement, an employee who had previous employment in a classification covered by this agreement shall have the same rights as listed in subsection c), provided, however, that such an employee's seniority shall be based solely upon total employment in classifications covered by this agreement.

SECTION 7.5 INACTIVE STATUS

Subject to the approval of the employee's department head, the City Manager and the Civil Service Commission, an employee may request inactive status.

- A. Such a request must be made before the termination of an employee or within thirty (30) days of such termination.
 - B. Inactive status shall continue for no more than one (1) year.
 - C. Inactive status shall qualify a past employee to be certified as a name in addition to the five (5) open or three (3) promotional eligibles for a vacant position in the classification from which he was terminated.
 - D. All employee benefits shall not accrue during such inactive status and the employee shall have a break in continuous employment.
- A. The City retains the right to conduct and prepare classification studies. The City retains the absolute right to reallocate budgeted funds from vacant positions.
 - B. Whenever the City wants to revise a class specification, the following will occur:
 1. The City will send a copy of the proposed revised class specification to TME both electronically (via e-mail to the union president) and by mailing a hard copy to the address specified for Union notices in Section 11.1.
 2. TME will, within 14 days of the date that the revised class specification was sent, inform the City in writing (to the address identified in this agreement for the City to receive notices) whether it:
 - a) agrees to the revised class specification; or
 - b) wants to meet and confer over the proposed changes to it.

If the parties reach an agreement on the revised class specification, it will then be submitted to the Civil Service Commission for review and then submitted to the Torrance City Council for final approval.

3. If TME informs the City that it wishes to meet and confer, it will, within the same letter (requesting to meet and confer) inform the City of the dates within the next 30 days (from the date of the letter) that it is available to meet and confer.

4. Upon receipt of the request to meet and confer letter from TME, the City will inform TME of the dates that are available over the next 30 days to meet and confer.
5. The parties agree that they will try to reach an agreement as expeditiously as possible and hope that multiple meetings are unnecessary. However, given that an agreement may not occur, the parties agree to meet at least twice a week for at least four hours per meeting during the 30 day period after the City receives notification from TME of its request to meet and confer. The 30 day period (to negotiate over the class specification) may be extended if mutually agreed by both parties. In fact, since negotiations will also include compensation for the proposed classification, the parties agree to extend the negotiations by an additional 60 days (only if necessary, for a total of 90 days) for the purpose of negotiating regarding proposed compensation of the class specification. The parties agree that the first 30 days is to negotiate over the class specification itself and the additional 60 days is to give the parties the time to gather information on compensation and engage in meaningful negotiations regarding compensation of the class specification. For the additional 60 day period, the parties agree to meet as necessary to complete the process within that time frame.
6. If the parties reach an agreement on the revised class specification, it will then be submitted to the Civil Service Commission for review and then submitted to the Torrance City Council for final approval.
7. If at the end of 30 days for negotiations on the class specification and the additional 60 days for negotiations on proposed compensation (or when either side believes negotiations are completed when mutually extended) the parties do not reach agreement on the revised class specification, the parties agree to resolve their impasse in accordance with this article, not the City's impasse procedure. Both parties specifically agree that this procedure is the sole and exclusive method for revising class specifications (including proposed compensation for the proposed classification) and that neither the City nor the Union can go through the impasse resolution process to resolve differences over class specifications. The parties agree to utilize a Fact Finder in accordance with the following timeline:
 - Selecting a fact finder within ten (10) days:
If the parties cannot agree on a fact finder within the same ten (10) day period, the parties will request a list from the State Mediation and Conciliation service of individuals qualified to serve as fact finders and shall engage in a striking process until a fact finder is chosen. (If using the State Mediation and Conciliation service, the parties will request "expedited availability-arbitrators" who have indicated they typically have at least five open dates within the 60-day period after appointment.)
 - Participating in the fact finding process within (sixty) 60 days
If the chosen fact finder cannot agree to be available to conduct the fact finding within sixty (60) days of contact by both parties, the parties agree to immediately contact the last person stricken from the prior list. If that person is similarly not available to complete the fact finding within sixty (60) days, the parties agree to contact the next person stricken until such time as one of the individuals on the list indicates that he or she can conduct and complete the fact finding within sixty (60) days.
 - Preparing and submitting the final report by fact finder within (thirty) 30 days:

The parties agree to inform the proposed fact finder, that according to their agreement, the fact finding report must be issued within thirty (30) days.

The 100 day fact finding period may be extended if mutually agreed by both parties. While 100 days is the agreed upon time frame for completion of the fact finding procedure, both parties recognize the need for flexibility. Therefore, days allotted for each segment of the procedure may be carried over to the next segment or borrowed from the next segment. At the end of the entire process, if additional time is required for the final report, either party may extend the segment by an additional seven days without consent.

8. Following the fact finding process, the City will submit the proposed revised class specification, individual positions by City and the Union, and the report of the fact finder to the Civil Service Commission for review and decision. The subject of compensation is not within the jurisdiction of the Civil Service Commission. As such, the Commission will not make any decisions regarding compensation. The decision of the Civil Service Commission (including the report of the fact finder and relevant material) will be submitted to the Torrance City Council for final decision. The Council's decision will include a decision regarding the proposed class specification and compensation based on the information (the report of the fact finder and relevant material) presented to it.
 9. A maximum of four (4) revisions may be made to class specifications during the term of this agreement. Additional revisions to class specifications may be if mutually agreed by both parties.
 10. By agreeing to the above procedure, the parties hope to expeditiously agree on or reach resolution of differences regarding class specifications.
- C. In the event of a modification of a class specification, the City and the employee group will meet and confer with regard to the status of the incumbents and their hours, wages and working conditions. A permanent incumbent employee in a current classification covered by the agreement will not have wages and/or benefits reduced as a result of the above actions.
- D. Either party may request a study of a particular position or series of positions during the life of this agreement. In any event, TME-AFSCME shall be notified prior to the studies.

In addition, seniority is also relevant for purposes of layoffs, as addressed in Section 7.4. For purposes of bidding for overtime and shift assignments, seniority is defined as time in the particular employee's classification. For purposes of bidding for vacation leave, seniority is defined as hire date with the City of Torrance. In the case of two or more employees who were hired on the same date, the employees will flip a coin in presence of the Union President.

Effective January 1, 2008, seniority will be defined as hire date with the City of Torrance for all purposes, including but not limited to, bidding for overtime and shift assignments, vacation and layoff. CATASTROPHIC LEAVE PROGRAM (Revised 1998)

Purpose

The purpose of this Catastrophic Leave Program is to allow employees to assist another employee during times of personal crisis when serious illness or injury has incapacitated him/her or a family member and the employee is therefore unable to work. It can also be used for employees who suffer catastrophic illness or injury who must undergo intermittent medical treatment such as chemotherapy. This program is solely for employees whose accrued leave balances have been exhausted.

Policy

The Catastrophic Leave Program allows an employee to transfer eligible leave hours (vacation, sick leave, compensatory time and/or administrative leave) to another employee when a catastrophic illness or injury occurs. A catastrophic illness or injury is defined as a serious health condition which substantially incapacitates an employee or qualifying family member, or which forces the employee or family member to undergo ongoing or lengthy substantial medical treatment. The illness or injury further creates a financial hardship because the employee has or will exhaust all leave time. For the purpose of the Catastrophic Leave Program, qualifying family member shall mean an employee's parents, step parents, spouse, registered domestic partner, children and stepchildren.

An employee will not be eligible for catastrophic leave until he/she has exhausted all leave time, including sick leave, vacation, compensatory time and administrative leave.

Donated hours may be used under the following situations:

- To cover the elimination period before short-term and/or long-term disability benefits begin
- To supplement short-term and/or long-term disability benefits
- To cover the time used on unpaid Family Leave

Procedures / Guidelines for Using Catastrophic Leave

1. Leave of Absence paperwork³ must be submitted to the Human Resources Department. It should include medical certification of a serious health condition per the FMLA guidelines and the dates the employee expects to be absent. The leave must be approved by the Department Head and the Human Resources Director.
2. Verification of illness or injury of the employee or qualifying family member must be provided in writing by the treating physician on the City provided forms.
3. The employee or representative makes a request for catastrophic leave donations to the employee's department. The City Manager's Office is then notified and advertises the donation request via e-mail.
4. The period of absence will be determined by the written verification of the employee's or family member's physician and will not be based on the number of hours donated. Employees

³ Leave of Absence Paperwork consists of "Request for Leave of Absence" form and either a form for personal illness or a "Family Medical Certification" form (for family illness).

who are approved for the Catastrophic Leave Program due to a qualifying family member's catastrophic illness/injury may use donated time for a maximum of 12 weeks during a rolling one year period, as is allowed by the Family and Medical Leave Act.

5. Employees who are approved for the Catastrophic Leave Program due to a qualifying family member's catastrophic illness/injury may use donated time for a maximum of 12 weeks during a rolling one-year period, as is allowed by the Family and Medical Leave Act.
6. Employees must exhaust all personal leave hours (vacation, sick leave, etc.) prior to using any donated hours.
7. Employees will not accrue vacation, sick leave, or service time while using donated hours.
8. Donated hours may not be converted to cash ("cashed down").
9. The catastrophic leave bank will be closed and no further donations will be accepted under the following conditions:
 - The ill/injured employee returns to work full time, or
 - The 12 weeks of Family Leave have been exhausted, or
 - The ongoing, intermittent treatment program has been completed.

In these cases, any unused donated balances will be returned to the respective donating employees.

Any subsequent illness after the close of the bank will require a new request and approval.

Procedures/Guidelines for Donating Hours

1. Employees who wish to donate eligible leave hours must complete a Catastrophic Leave Bank Transfer Authorization form.
2. Donations of Catastrophic Leave hours are made on a voluntary basis.
3. All donated time must be in increments of one hour or more.
4. Donations of leave hours, once used, are irrevocable and become part of the receiving employee's leave bank.
5. Employees with less than 40 hours of sick leave may not donate sick leave hours. This provision may be waived by the City Manager if a donating employee has given notice of terminating employment with the City and there is a current qualified Catastrophic Leave Bank recipient.
